B Mount

The Essential L-Shaped Bracket for Reliable Installations

The Mimosa B Mount is a rugged, L-shaped mounting bracket designed for maximum flexibility and stability in radio installations. Engineered for durability, it securely supports Mimosa's backhaul and access point radios, ensuring reliable deployments across various environments. Its L-shaped form factor allows for versatile mounting options on poles, walls, and other vertical or horizontal surfaces, optimizing installation efficiency. Designed for compatibility, the B Mount kit accommodates pipes with an outside diameter ranging from 30mm (1.18") to 90mm (3.54"), providing a secure and adaptable solution for a wide range of deployment scenarios.
