

HP iPAQ rx3715 Mobile Media Companion

The HP iPAQ rx3715 Mobile Media Companion is powered by Microsoft® Windows® Mobile software and lets you enjoy your music, photos, videos and games wherever you go. The future of entertainment is digital and the rx3715 puts this power at your fingertips. Never miss a memory – capture, share, and print life's best moments using the integrated HP Photosmart camera with photos or video. This exceptionally versatile Pocket PC also features integrated WLAN and Bluetooth® capabilities enabling you to connect with other devices, stay in touch with friends and with what's going on.

You are a musician – make your digital music and videos mobile

The HP rx3715 allows you to carry all your favourite music and videos with you, including MP3s, WMPs, and other popular formats – wherever you go. Using Windows Media Player on your PC, simply transfer all the latest music and videos directly to your pocket PC to suit your mood. Store more digital media onto SD/MMC memory cards using the Secure Digital slot, including up to 4 hours of music on a 128-MB SD card.

You are a photographer – never miss a memory

Capture and share memorable moments every day using the integrated Photosmart 1.2 MP camera with photos or video. Capture memories in action with MotionJPEG or MPEG4-compatible video and audio recording. With HP Image Zone 3.5 for your PC on the Companion CD you can organise, edit, print, and get really creative with your photos.

You are in control with digital entertainment at your fingertips with iPAQ Mobile Media

The HP rx3715 allows you to stream content over your

Wi-Fi home network and view it while you move freely about your house. Use your Pocket PC and your Wi-Fi home network to play digital content on PC's, TV's, and stereo's around your house for the enjoyment of the whole family – no need to stand in front of the TV to browse and control your media content (1).

You are a gamer – let the competition begin

Pass the time with Solitaire and Jawbreaker, beat your personal best or an opponent on one of the latest Pocket PC games that matches your particular interest (only Solitaire and Jawbreaker included).

Exceptional multimedia applications and wireless capabilities – everything, anywhere
