

THE FUTURE

A Total Communication Package

The TravelMate 800 caters for the convergence of computing and communications with fully integrated features that keep you permanently empowered no matter where you are. When on the move, the TravelMate 800 provides a total communication package that enables you to hook up to the Internet, to Remote Access Servers and to email servers via V.92 56Kbit/Sec fax modem and via the integrated wireless LAN card. Back in the office, it can be connected to the local network and the ADSL uplink with the integrated flexible 10-Base-T / 100-Base-TX network card, while the 802.11b wireless solution allows the user to adapt instantly to available wireless office connections.

UNWIRE THE FUTURE

THE ACER TRAVELMATE 800 SERIES HAS BEEN SPECIFICALLY DESIGNED FOR PROFESSIONAL USERS FROM SMALL, MEDIUM AND LARGE COMPANIES, WHO ARE LOOKING TO REPLACE THEIR DESKTOP WITH AN ELEGANT, HIGH-PERFORMANCE NOTEBOOK BASED ON AN ADVANCED CONCEPT OF MODULARITY, AND FEATURING OUTSTANDING SECURITY SYSTEMS, MAXIMUM CONNECTION FLEXIBILITY AND UNRIVALLED QUALITY. EQUIPPED WITH THE LATEST MOBILE TECHNOLOGY, THE TRAVELMATE 800S ARE THE MOST COMPREHENSIVE SOLUTION FOR ALL PROFESSIONAL APPLICATIONS. THEY GUARANTEE PLENTIFUL BATTERY AUTONOMY AND INTEGRATE THE MOST ADVANCED WIRELESS ARCHITECTURE, TO ENSURE FLEXIBLE CONNECTIVITY, WHILE MEETING THE LATEST SECURITY STANDARDS.

State of the Art Performance ...

The ever-increasing migration from stationary desktops to powerful mobile multimedia computing has brought with it a heightened need for finely tuned task-oriented instruments offering portability, integrated flexible connectivity and enhanced battery life. As technology advances, long lasting outbound power together with facilitated communication features are becoming essential ingredients for successful leaders.

... in a Mobile Desktop

The TravelMate 800 series featuring Intel's latest Centrino™ Mobile Technology, provides full manageability, connectivity, dockability and security in combination with large screen options and sufficiently extensive multimedia functions to tempt even the most demanding end user looking for enhanced power independence, mobile and desktop functionality in a slim lightweight unit that provides an innovative total user work experience.

Integrated Security Solution

For multi login environments the SmartCard solution offers a secure and convenient storage for several login/password strings, available with a single mouse click. This integrated security solution also takes care of pre-boot authentication and data encryption both for data storage and email attachments.

A New Mobile Experience

The TravelMate 800 features Intel's revolutionary Centrino™ Mobile Technology, designed to take mobile computing experience to a higher level. The sleek, lightweight form of the TravelMate 800 weighs less than 2.7kg, yet provides top performance computing, integrated wireless connectivity, and with power consumption around 25% less than other processors, battery life is prolonged considerably, making the notebook truly portable. The TravelMate 800 is also equipped with a large 15" screen and combined with the flexible Acer MediaBay which can contain all kinds of optical drives or even a second battery, makes it the perfect mobile desktop replacement. For corporate users, the TravelMate 800 offers Boot-from-Lan, Wake-on-LAN, multiple passwords, asset tag storage and DMI BIOS.
